June 29-July
3, 2009

The Music

I WENT TO THE BEACH

Imaginations come into play as we “see” nature’s wonders at the beach with our mind’s eye!

Developmental skills include language development, fine motor skills, listening skills, social interaction and creative thinking.

The Class

MORE SUMMER FINGER FUN!

I Went to the Beach is one of several seasonal finger plays we are using this summer to develop various skills and engage your children.

I went to the beach and what did I see? A bird on the sand looking at me! I went to the beach and what did I see? A fish in the water splashing at me! I went to the beach and what did I see? A shell in the sand sparkling at me! I went to the beach and what did I see? A crab in its shell waving at me! Children suggest additional ideas. We use our hands and fingers to “create” the bird, fish, shell, crab and other wonders.
